SUMMARY

I am a dedicated Computer Science and Engineering student at United International University. I have previously worked at Transperfect Translation International Inc. as a Part-Time Freelance Annotator, annotating Audio/Video and Text. I also currently am serving as the Co-Head of Marketing at UIU English Language Forum. My expertise lie within web platform development especially Front-end. My technical background is complemented by strong communication and leadership skills gained from university and club activities.

PROJECTS

TogetherA+ - Empowering Individuals with Disabilities
Built a web platform connecting people with disabilities to trusted helpers using AI-based recommendations, accessibility tools (TTS, STT, Eye Tracking), and a secure task and donation system.

Tech: PHP, MySQL, JavaScript, HTML/CSS, Tailwind, APIs

[Github Link](#)

Portable Braille Printer - Making Print Accessible for the Visually Impaired

Engineered a low-cost, portable Braille printer that embosses digital text onto A4 paper using stepper motors, solenoid actuators, and IR sensors. Built with Raspberry Pi and Python, the device supports OCR, text-to-Braille conversion, and battery operation for mobility.

Tech: Raspberry Pi, Python, DRV8825, Nema17, Solenoid Actuator, OCR, IR Sensor, MOSFET, 3D Printing

WORK EXPERIENCE

Transperfect Translation International Inc. (2021-2024)

Transperfect DataForce

Position: Freelance Annotator

Work Description: Annotating Audio/Video and interpreting audio files for the development of AI solutions

EDUCATION

United International University

School of Science and Engineering (SoSE)

B.Sc in Computer Science & Engineering

CGPA: 3.52/4.00

June 2022 - Current

Singapore International School

International Advanced Level (IAL)

Result: 1A 2B

Year: 2021

Academia

International General Certificate of Secondary Education (IGCSE)

Result: 1A* 1A 3B

Year: 2019

ACHIEVEMENTS

- **CSE Project Show organized by United International University**
 - Electronics Laboratory (EEE 2124) - **1st Runner Up**
 - System Analysis & Design Laboratory (CSE 3412) - **2nd Runner Up**
 - Microprocessors and Microcontrollers Laboratory (CSE 4326) - **1st Runner Up**
 - Final Year Design Project - I (CSE 4000A) - **1st Runner Up**
- **Scholarship Award** by United International University
 - 50% Scholarship (Four Times)
 - 25% Scholarship (Two Times)

Competitions

- Achieved **Bronze Medal** in 'The Queen's Commonwealth Essay Competition' organized by the 'Royal Commonwealth Society'
- MIST Scientific Poster Presentation at Robotron 2026 - **Champion**
-
